

## A Total Eclipse of Lard Troubles

## Cottolene

Lard is the fore-runner of indigestion. The hog-fat soaks the pastry through and through, fills meats inside and out with a thick, unhealthy grease that the digestive juices cannot penetrate. The result is a call on the doctor whose advice is to go on a diet and avoid all rich food.

You can eat pies, cakes and all kinds of pastry if they are cooked with Cottolene, for it is a pure, healthful, vegetable-oil product that contains no trace of hog fat, and does not make food the least bit greasy.

From Cottonfield to Kitchen—human hands never touch the oil from which Cottolene is made. The result is that when you buy Cottolene you get a cooking fat upon whose purity and cleanliness you can absolutely rely.

Made only by

## Las Cruces and Mesilla Valley

## FOUR HUNDRED AT WORK ON DAM NOW

Las Cruces, N. M., Nov. 11.—W. M. Reed has informed inquirers from this valley that at present there are 400 laborers employed at the site of the Elephant Butte dam, making quite a camp there already. The branch from the Santa Fe railroad will be completed by Jan. 1, so that supplies can be hauled direct to the dam and as soon as the supplies can be shipped, an additional force of laborers will be immediately put on, this to be increased from time to time as the work advances.

The work will go right ahead from now on, as under the force account all money at present available can be used. By the time the present funds are exhausted, Mr. Reed says there will be no cessation of the labor until the dam is completed and ready to turn over to the water users.

Next year there will be calls for several hundred laborers, and the laboring men of this valley it is said will receive the preference in the employment of the same.

## LAS CRUCES PERSONALS

Las Cruces, N. M., Nov. 11.—A stark shower was given to Mrs. Lansing B. Bloom at the home of Mrs. W. A. Sutherland, "Mira-Monte," this afternoon.

Dr. H. M. Cornell, of Kansas City, who spent the winter here a year ago, has come again to Las Cruces to spend the coming winter and to probably invest in land in this valley.

Mr. and Mrs. Walter Sims, who have been in Las Cruces for the past three weeks visiting their son, R. H. Sims, receiver of the local land office, and wife, left Wednesday for their home in Bay City, Mich., going by way of El Paso and New Orleans. Mr. and Mrs. H. H. Sims accompanied them as far as the Pass City.

Mrs. T. C. Sexton entertained this afternoon at her home in the north end of town.

## NERVOUS DYSPEPSIA

## A CURE FOR ALL

Not a Patent Cure-All, Nor a Modern Miracle, But Simply a Rational Case for Dyspepsia.

In these days of humbug and deception, the manufacturers of patent medicines, as a rule, seem to think their medicines will not sell unless they claim that it will cure every disease under the sun. And they never think of leaving out dyspepsia and stomach troubles. They are sure to claim that their nostrum is absolutely certain to cure every dyspeptic and he need look no further.

It is refreshing to note that the proprietors of Stuart's Dyspepsia Tablets have carefully refrained from making any undue claims or false representations regarding the merits of this medicine. The excellent remedy for dyspepsia and stomach troubles. They make but one claim for it, and that is, that for indigestion and various stomach troubles Stuart's Dyspepsia Tablets is a radical cure. They go no farther than this, and any man or woman suffering from indigestion, chronic or nervous dyspepsia, who will give the remedy a trial will find that nothing is claimed for it that the facts will not fully sustain.

It is a modern discovery composed of harmless vegetable ingredients acceptable to the weakest or most delicate stomach. Its great success in curing stomach troubles is due to the fact that the medicinal properties are such that it will digest whatever wholesome food is taken into the stomach, no matter whether the stomach is in good working order or not. It rests the overworked organ and replenishes the body, the blood, the nerves, creating a healthy appetite, giving refreshing sleep and the blessings which always accompany a good digestion and proper assimilation of food.

In using Stuart's Dyspepsia Tablets no dieting is required. Simply eat plenty of wholesome food and take these tablets at each meal, thus assisting and resting the stomach, which rapidly regains its proper digestive power, when the Tablets will be no longer required.

Nervous Dyspepsia is simply a condition in which some portion or portions of the nervous system are not properly nourished. Good digestion invigorates the nervous system and every organ in the body.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cts. per package.

## LEE BADLY SCALDED BY ENGINE AT SILVER CITY

Las Cruces, N. M., Nov. 11.—F. G. Lee arrived in Las Cruces yesterday for medical treatment and to rest up for a while on account of severe burns received at Silver City.

Mr. Lee was fireman on the Silver City local running on the Santa Fe between Rincon and Silver City. While the train was at Silver City and the engine was standing in front of the depot, the check valve flew open and allowed the steam and hot water to blow out, catching Mr. Lee on the left side of the face, causing burns that have proved very painful and may slightly disfigure his face. He was lucky in having just stooped down to look at his fire, otherwise he would have received the full force of the blowout on his body and would have been seriously injured.

## INSTALS PUMPING PLANT

TO IRRIGATE TRUCK GARDEN  
Las Cruces, N. M., Nov. 11.—Gabriel Friesquez, of Mesilla, yesterday took out to his home a pumping plant, consisting of a gasoline engine and a pump, which he will immediately install.

Mr. Friesquez will use the outfit to irrigate a plot of land upon which he intends to raise garden truck and vegetables next year. He will also put in some crops this winter in order to supply the early spring market before the vegetables from other sections of the country commence coming in.

## "FORTY-TWO" IS FEATURE

OF SOCIAL CLUB MEETING  
Las Cruces, N. M., Nov. 11.—The Las Cruces Social Club met at the home of Mrs. H. A. Broadbent. Forty-two, a domino game, was the feature of the afternoon, six tables playing. The guest prize was given to Mrs. W. J. Stevens, a handsome china olive dish. The first prize, a china plate, was won by Mrs. H. B. Holt; the second prize, a brass candlestick, went to Mrs. C. T. Hagerty; and the consolation prize, a brass plate, to Mrs. A. M. Branigan. Dainty refreshments were served after the games.

## KNIGHTS OF COLUMBUS TO

IRRIGATE CLASS OF TWELVE  
Las Cruces, N. M., Nov. 11.—The Knights of Columbus of Las Cruces will initiate a class of 12 candidates on Sunday, Nov. 20, for which occasion a large number of El Paso Knights of Columbus will come up.

The initiation will be held in the court house and it is expected to have a good time, as Las Cruces never yet failed to entertain any visiting lodges to the visitors' entire satisfaction.

## EXHIBIT AT FAIR BRINGS

AN INQUIRY FROM MEXICO  
Las Cruces, N. M., Nov. 11.—M. B. Stevens, who had his white Orpington chickens at the El Paso Fair last week, states that he received a letter yesterday from the state of Sinaloa in Mexico, in which the writer said that he had seen the chickens at the fair and wanted prices on eggs for hatching purposes from Mr. Stevens's strain.

## CHANGE IN MANAGERS OF

POSTAL TELEGRAPH OFFICE  
Las Cruces, N. M., Nov. 11.—R. M. Hirsch, of El Paso, has been checked in as local manager of the Postal Telegraph office in this city, vice Miss Edna Potts, who has resigned in order to prepare for her coming marriage.

## LAND OFFICE NOTES.

Las Cruces, N. M., Nov. 11.—The following desert land entries have been filed in the local land office.

Andrew J. Messer, Jr., of Alamogordo, who former application was rejected on account of improper filing, filed his supplemental application for the southeast quarter of the southwest quarter of section 21, township 16, south of range 9 east, containing 40 acres.

Nathan E. Boyd, of Las Cruces, for the northeast quarter of the northeast quarter of section 12, township 22, south of range 3 east, containing 40 acres.

Joseph P. Albree, of Deming, for the southeast quarter of section 6, township 26, south of range 9 west, containing 160 acres.

Eugene S. Dutcher, of Deming, for the southeast quarter of section 11, township 25, south of range 9 west, containing 160 acres, subject to the right of way of the C. & M. R. R.

Homestead Entries.  
The following applications for homesteads have been received and entries made:

Lewis W. Cissel, of Deming, for the east half of the southeast quarter of section 10, the east half of the northeast quarter of section 15, all in township 23, south of range 9 west, containing 160 acres.

south of range 8 west, containing 160 acres. The hearing is set for Jan. 9 and Jan. 19.

## NEW PAPER PROMISED

LAS CRUCES SHORTLY  
Las Cruces, N. M., Nov. 11.—It was reported that Edward C. Wade, Jr., a young attorney of this place, within the next week or so will start a small weekly newspaper "to fight for better government." It is understood that Mr. Wade is being assisted in the enterprise by John Burroughs and Democrats throughout the county and that canvassers are now out in all the precincts working up the subscription list.

## ON HUNTING TRIP.

Las Cruces, N. M., Nov. 11.—W. A. Fleming Jones and family, accompanied by W. H. Weston, of Cutter, left yesterday in Mr. Jones's automobile for a hunting trip of several days. Deer are reported plentiful in that vicinity and the hunters went prepared for both large and small game. Mrs. Jones went along with the party and drove the car over the plains to the camping place.

## CELEBRATES BIRTHDAY.

Las Cruces, N. M., Nov. 11.—H. B. Holt had a number of his friends at his beautiful home on the Alamogordo road to help him celebrate his birthday. After an elegant course dinner, the crowd played bridge for the balance of the evening. Those present say that this was Mr. Holt's 55th birthday, but he says that he was only 21 years old on that day. The dinner party was composed of W. C. Field, Fay Sperry, R. H. Sims, M. B. Thompson, J. F. Sattely, M. O. Llewellyn, F. C. Merrell and W. A. Sutherland.

## REGISTRATION OF BIRTHS NOT MADE

(Continued from Page 7)

1910, as against 192 per 1000 in those months of 1909.

Improper methods of feeding, overfeeding, and weather conditions, were mentioned among the causes of the high mortality due to summer diarrhea, by Dr. Herman Schwarz of the pediatric department of the Maternity Polytechnic, of New York city, in a paper embodying the result of the study of the infancy of 1500 children.

"The question of decomposed or bad milk is naturally an important one," he said, "and has been in the foreground a number of years. By the term bad milk we usually mean one that is very acid or even sour, yet during the past few years it has been clearly demonstrated that acid milk is not injurious to a great many infants, and certain German authorities have gone so far as to say that sour milk does not play any role in the summer mortality. From our own material it can be seen that even breast babies are affected during the summer time, for we have 30 breast babies sick in April, 63 in July and 100 in August. It is easily conceivable, then, that infants alimentarily disturbed by improper feeding are simply killed by the excessive heat."

## Scores Medical Schools.

Dr. Ira S. Wile of New York this morning scored the medical schools for their failure to give attention to the principles essential to the prevention of infant mortality.

"It is generally admitted that one-half of the infant deaths is preventable," he said, "and the medical schools do not give sufficient attention to the subject of hygiene or prophylaxis." He said, "Education is conceded to be the greatest factor in the prevention of infant mortality. Medical schools do not give their men as to make them capable of teaching nursing, internes, mothers, or philanthropists."

## Urges Education.

The education of the public in the possibilities of prevention, through the school of education, is the duty of the school children in infant hygiene, were two of the measures for reducing the infantile death rate, suggested by Dr. S. W. Newmeyer of Philadelphia. Every department of health should have a "Publicity Bureau," he said, under the charge of a competent newspaper editor.

The instruction of school children in the essentials of infant hygiene, the speaker characterized as "a strong-armed education." He predicted that the effects of the training of the older pupils in the care of the baby, by means of lectures, exhibitions, demonstrations and textbooks, would show in the more intelligent motherhood of the next generation.

The efficiency of health departments in reducing infant mortality would be greatly augmented, Dr. Newmeyer said, by the employment of a corps of visiting nurses, or of especially trained physicians, who could give the necessary instructions to mothers in their homes, or could give individual care to sick babies.

Would Educate Fathers.

The importance of educating the fathers in the essentials of infant hygiene was emphasized in a paper by Dr. William Palmer Lucas, of Boston, who said that such classes were a feature of the work of the Milk and Baby Hygiene association of Boston.

Dr. Thomas C. Southworth of New York said that competent maternal nursing offers the new-born infant the best chance of survival because breast milk is adapted by nature to the infant's digestion, stimulates digestion, favors more immediate and well-rounded growth, and contains certain natural principles not present in other milks. If infants who died from all causes were divided into the two groups of the bottle-fed and the breast-fed, the mortality would always be larger in the former class. Many deaths not ascribed to bottle feeding are really due to the poorer development and lessened resistance resulting from such feeding. Many babies are put on the bottle soon after birth, because the mother is thought not to have enough milk, when the milk could be made more abundant by proper feeding and hygiene.

More knowledge is needed of how the nursing mother may feed and care for herself so as to give milk more abundantly. Responsibility for popular ignorance rests upon the educator. It is a pity to see the rising generation of young women, the first principles of the care of children.

## DUNCAN WORKS HARD

BUT LOSES THE FIGHT  
Duncan, Ariz., Nov. 11.—Duncan made a splendid fight for the county seat. Morenci supported Duncan nobly, as did also Franklin and Sheldon. Duncan knew that Duncan must get a vote out of Clifton itself to win, and bent every effort toward this end. A special train was engaged to take up 30 or 40 Duncan workers on the day of the election. They worked hard, but 70 votes were all that could be counted for Duncan's way. Duncan made an excellent campaign throughout.

## The Watch for Hard Knocks

Steam drillers, riveters, steel constructors, quarrymen, blacksmiths, carpenters, plumbers, foundrymen, and all other hard workers and foremen need a good watch to stand the strain.

Here's one that's proof against jolt and jar; that's unharmed by heat or cold, dry or wet. A sturdy, accurate watch of neat design, which never goes back on you. The best medium priced watch we have ever built.

## Elgin Watch

G. M. Wheeler Model, 18 Size

A worthy product of the famous Elgin factories. The experience of almost half a century of watchmaking is concentrated in it. Every part is rigidly made by experts from tested material, and is guaranteed against flaws of any kind.

Let one of the local jewelers show you the 17 Jewels which resist wear; the Compensating Balance, which adjusts to changes of temperature; the Micrometric Regulator, which can't be accidentally moved. Examine the strong main spring, and every other vital part. You'll be convinced.

The Movement alone costs \$17.

In Filled Gold Cases, \$30 and up. In Solid Gold Cases, \$50 and up.

Every man and woman ought to own an Elgin watch. There are many models, priced according to case and works, all fully guaranteed. They're sold by jewelers everywhere.

ELGIN NATIONAL WATCH CO., Elgin, Illinois.

## FIVE PERMITS TO BUILD AND REPAIR

Permits for building operations, totaling \$3450 were issued Thursday by building inspector S. B. Haggart. The permits call for five jobs, but it is taken to indicate the building operations, which have been rather quiet the past few days are to be resumed. Contractors over the city state that other jobs are being considered and that work will be provided this winter for a number of seasons.

Building Permits.  
To Harry Cherry to build three room dwelling, 403 Pittsburg. Estimated cost \$1000.

To L. F. Clark to erect plate glass front and repair building 108 Texas street. Estimated cost \$250.

To E. M. Parker, to erect shed, 603 Stewart street. Estimated cost \$200.

To F. A. Spence, to erect porches San Antonio and St. Vrain. Estimated cost \$1000.

To Kelly & Pollard, to make alterations in Sheldon hotel. Estimated cost \$1000.

Deaths Filled.  
Campbell's addition, South Ochoa between Third and Fourth streets—Joe Dunne to F. B. Garcia, lot 12, block 111, consideration \$1375. Dated Nov. 5, 1910.

Concordia cemetery—J. J. Mundy to Chas. Hept, northwest one-fourth of lot 16, tier 4; consideration \$20. Dated Oct. 25, 1910.

Alexander addition—Frank Wells Brown to W. M. Petticoles, undivided one-fourth interest in northeast quarter of block 42; consideration \$100. Dated Nov. 10, 1910.

Franklin Heights, Boulevard, between Williams and Dallas streets—J. H. and Roda Pig to Thos. Holland, lots 7 and 8, block 53; consideration \$2500. Dated Oct. 17, 1910.

Williams Park—G. W. Parker and Fannie Parker to Mrs. Laura A. and Marie L. Loomis, lots 15, 17, 18, 19 and 20, block 24, and lot 22, block 37; consideration \$60. Dated April 12, 1910.

Licensed to Wed.  
Frank B. Snapp and Lula W. White, William T. Crier and Mrs. E. E. Bloom.

Corpio Padillo and Felicitas Duran. Births.

To W. E. Wofford (American), 1809 Boulevard, boy; October 30.

To G. Rodella (Mexican), 2129 Michigan, boy; October 14.

To Joseph Seltner (German), 2104 Rivera, girl; November 7.

To S. Delgado (Mexican), 3224 Rivera, boy; November 8.

To C. Olivas (Mexican), 1012 South Stanton, girl; November 10.

To Jesus Colunga (Mexican), smelter, boy; November 7.

## SHELDON LOBBY TO BE MARBLE PALACE

Marble, the prevailing thing in fall styles for new and rebuilt buildings in El Paso, is being liberally distributed over the interior of the new Sheldon hotel. The marble counter, with curved marble stairway is now being built and the marble base for the columns and around the lobby is now being cut and fitted.

The big safe which is to be the safety deposit vault of the hotel, has arrived and is being moved to its permanent place in the private office of the hotel. The main lobby has been plastered and the entrance lobby on Pioneer Place is being finished ready for the decorators.

## ELEVENTH FLOOR BALCONY IS NOW BEING CONSTRUCTED

The intermediate balcony on the eleventh floor of the Anson Mills building is now being built. The balcony will extend around the entire building on the eleventh floor level. The corridor will be two stories above this over the 12th story. The two additional stories above the balcony will be built as soon as the boxing can be made.

## FRONT FOR NEW DRUG STORE IS BEING PUT IN

The new store front of the Kelly & Pollard drug store in the new Sheldon building is now being built. The old front has been removed and a hard-wood one put in its place. The main entrance will be changed from the corner to the middle of the front.

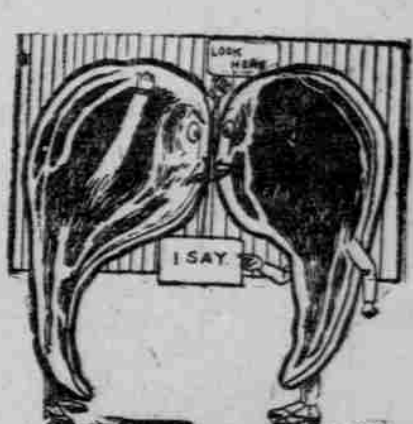

## NEW Y. W. C. A. BUILDING IS READY FOR ACCEPTANCE

The building committee of the Y. W. C. A. has been notified by the contractors that the new boarding home has been completed and is ready for formal acceptance. An inspection will be made by the committee, when it will be accepted for the association.

## AUSTIN AND WACO ARE AWAY BELOW EL PASO

El Paso is safe as fifth city in Texas and Galveston will hold her place as sixth. Austin is 10,000 less than El Paso and Waco is 13,000 less. The figures of the two cities have been made public as follows, according to the San Antonio Express:

	1910	1900 Inc. Pct.
Austin	29,560	22,258 34.2
Waco	26,425	20,686 27.7

## Meat Differences

are to be met with everywhere in patronizing different butchers. A few there are who will buy any old kind of cheap meat for profit.

YOUR SOUR, GASSY, UPSET STOMACH WILL FEEL FINE IN FIVE MINUTES.

A little Diapiesin will promptly regulate any bad Stomach.

You can eat anything your stomach craves without fear of indigestion or Dyspepsia, or that your food will ferment or sour on your stomach, if you will take a little Diapiesin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes Belching, Dizziness, a feeling of fullness after eating, Nausea, Indigestion (like a lump of lead in stomach), Bloating, Heartburn, Water brash, Pain in stomach and intestines or other symptoms.

Headaches from the stomach are ab-

solutely unknown where this effective remedy is used. Diapiesin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach. Get a large 50-cent case of Pape's Diapiesin from your druggist and start taking now, and in a little while you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance. Should you at this moment be suffering from indigestion or any stomach disorder, you can get relief within five minutes.
